Dear Dr. Crites:

At the Second Stated Meeting of the American Osteopathic Board of Surgery on September 15, 2011, the results of your oral examination for certification were reviewed.

By the direction of the Board, this letter is to advise that you have successfully completed and passed the oral certifying examination. In accordance with the AOBS bylaws, the American Osteopathic Board of Surgery will submit your credentials to the AOA Bureau of Osteopathic Specialists with the recommendation for certification in Urological Surgery.

After the AOA Bureau of Osteopathic Specialists acts upon official approval of your certification, you will be so notified and provided with your certificate number. The Board will subsequently receive a copy of this correspondence, at which time the AOBS office will order the printed certificate. This entire notification process will take several months.

Unless you indicate otherwise, your name will appear on your certificate as:

**Melanie A. Crites, DO**

Congratulations on successfully completing the certification process.

Sincerely,

*Diane C. Turner*
